pense for their time was not expected or con-

eded, for every man full that the public had a armies during the revolutionary war beyond refused it except upon this condition that he might turn it over to the university of Virablic which every datriot felt, and because he had the capacity and opportunity to do more than some others, it was no reason for his reving greater pecuniary roward. But as communities become more highly or-

one public servants not only for heir time and expenses, but in some degree in proportion to the dignity and respussibility of beir nositions. This is because of the differorganization of mothern society The first effect of this is seen in the apparent prefer to attend to their own business. They prefer to attend to trear own business.

To a large class of men to whom the epitaph of

Dr. Johnsen would apply—"he lived in Lonand they upon the verge of seciety"-the give their incumbents power, they do not give

salaries of the different offices large enough to that no country in the world pays its civil officers so hally as ours. This may be so, but ble than increasing escaled and only samine occasion and the second for us an improved civil service. A writer in the Edinburgh Review refers to the prevailing lack of public apirti in France, where "there is a vast competition for places in the public service which give not only power and importance, but good quality from this square, but later is not superior to our homo-produced provided quality from the square power and importance, but good quality from the square, but later is not superior to our homo-produced grosse. And yet, of this stuff we import loar of five tons overy week for six months of the year and easier to do, or to assist in deing, what they great object of all classes is to make as much specified at Portland at a total cost of 20 cut of the government to go for them. The great object of all classes is to make as much inconceivable amount of exactions pressed by his constituents on the representative on the ministry of the day and at Portland at a total cost of 20 cut of the government at the government Irwis of the sands of paid officers exist, most of them in the gift of the state, private cuter-prise is discouraged, even legislative functions to liberal salaries and other pecuniary attractions of offices in France.
On the other hand, this writer refers to the

tronger public spirit prevailing in England public scriving from the sole motive of a public luty." It is true that large numbers of men are objects of competition only to the smalls seckers. If we should go a step further and separate function, to be filled with men selected vice required, and executed as an agency for the accomplishment of public ands, rather than as a means to be available aways to every citizen for making a living when other means fail, we should escape many of the evils of our didates for the offices.

sainor servints of the gover number (until the law iss made comprehensive enough to prevent this method of apposing the spirit or reform. The rush for more important places is restrained.

James G. Blaine, the Pouple's Candidate." but if bureau officials can multiply petty positions for the sake of pleasing politicians, re- The democrats have been terribly bothered formers auto much yet to do.

If Mr. Tennyson has trouble in setting bis muse to work on John Brown, we can accom-modate him with some verses reacy, made. We rould easily spare two or these stanzas of the version beginning, "John Brown's body langs danging in the air," are at Mr Tennyson's ervice, ho thanks; you're quite welcome,

go with a gentionan's legitination (with a big 'N'), there will be no

AN OFFICE HOLDING CLASS.

It has been the invariable tendescoy in this communities, such as society has accordy the entire to the special control of the province of the six action feel from the necessity of their si action feel from the feel necessity of their si action feel from the necessity of the necessity of the continuous objects the necessary for from the necessity of the neces

busine outracted for, for so long a period as the breampte of Justice Hull, who led his sent the example of Justice Hull, who led his sent the example of Justice Hull, who led his sent the example of Justice Hull, who led his sent the example of Justice hull, who led his sent the example of Justice hull, who led his sent to smeal the example of Justice hull, who led his sent the example of Justice hull, who led his sent the example of Justice hull be selled to retire on full pay for life, we do not had an very lively devotion to the interests of it is an ext to smeal chap Hard the example of Iustice hull, who led his sent to smeal the sum of the country at a charge of Iustice hull have very lively devotion to the interests of lititants in that pourt.

While Courts is the country at a charge of Iustice hull have very lively devotion to the interests of lititants in that pourt.

While Courts is the country at a charge of Iustice hull have very lively devotion to the interests of lititants in that pourt.

While Courts is the country at a charge of Iustice hull have very lively devotion to the interests of lititants in that pourt.

While Courts is the fully sent to end and referred to the countries of direct speaker with his statement that he has written pledges smough to seemed it for limited.

The folia position of the function of the fun refused it except upon the condition that he can be secured at all. Only two or three dairies still "working," upon the New York papers, inta. He recognized the obligation to the direct to families, and this demand is never. prices are chearfully paid. The production of butter in Oregon is not half sufficient in quanre cheurfully paid. The production of tity to supply the demand and the quality, except in the case of two or three dairies, is from second-rate down.

There is no excuse or shadow of excuse for

the United States ought to be made her : Our native grasses, which are of the sweetest and richest kind, bost adapted for cream produc-tion; are kept fresh and green almost the whole year round by constant moisture, the climate to the Portland market is cheap and quick, and the market itself is certain and prices are al-ways high. But dairying is generally corried for: milking is a fifthy operation in cavoless butter watery, gires it an unpleasant white color and makes it sour quickly, the operations of churning and "working" are gone through ket is slovenly. The result is that the bulk of Oregon butter is, particularly after a tew days' delay in warehouse or store, an unattractive officers so bally as ours. This may be so, but it is not clear that an increase of a arise would seem for us an improved civil service. A writer in the Edibburgh Review refers to the

point desire of these who are for its to ejectant switt their more point added, eastern dairymen are able to successfully compete with our dairymen in the Portland market. From his perfect knowledge of the trade, Mr. Scaly stated that any local prise is discouraged, even legislater functions have their price, and the part—which is in possession of sutherity disposes of unlimited success of corruption." And he stributes this round. Is there not sometically who will supply this demand and save us the discredit of send ing three thousand miles from home for the

tion system is sure in the and to kind something better than we have known. In Gioncester county, New Jersey, the following system has carangiand—members of parliament and otherwise deviate the public service without direct pecuniary componention. But this is because the public service in England gives a man social position and depute. abide by the issue of the primary. At the primary each republican voter may vote for two of gives a man social position and degnity. With many each republican voter may vote for two of the candidates for a given position, as his first service is the traditional inheritance of the and second choice. When the voting is over leading facilies, and an entrarce to it is dosired entitaly irrespective of the pocuniary signed upon the one who has a majority of all rewards. There seems to be a dapp-scated opsired entitally irrespective of its pecuniary rawards. There seems to be a chap-scated opposition to an office-bolding class in this second choice, in the continuous of a traditional or hereditary class of office holders, it is well founded. But we are approaching more and more nearly to a tenth of the committee decides upon the person having a majority of the scales are unsuccessful, then the committee decides upon the person having a majority of the votes are unsuccessful, then the committee decides upon the person having a majority of the votes are unsuccessful, then the committee decides upon the person having a majority of the votes are unsuccessful, then the committee decides upon the person having a majority of the votes are unsuccessful, then the committee decides upon the person having a majority of the votes for first choice. If the the continuous will be their (the Charendon total local may will be their (the Charendon total local may will be their (the Charendon total local may be the will be the valle to the votes for first choice. If the votes here will be the valle to the votes for first choice. If the votes here will be the valle the votes for first choice. If the valle here is the valle will be the votes for first choice. If the valle here is the valle here in the valle here is the valle here in the valle here is the valle here in the valle here is the valle here. The chare will be the valle here is the valle here is the valle here is the valle here. The chare will be the chare the valle here is the valle here is the valle here is the valle here. The chare will be the chare it is the valle here is the valle here is the valle here is the valle here is the valle here. The chare is the valle here is the valle here is the valle here is the valle here is the valle here. The chare is the valle here is the valle here. The chare is the valle here is the valle here is the valle here is the valle here is the valle here. The chare is permanent ince-noting class was a having a majority of the body and the properties of the court the worst possible type, who do not implie respect for an Aporty in the minds of the people because their character is no had and yet they the city but city cancers are not the only not present attractions to a better class. They offenders. In towns and villages the primary elections are in proportion sometimes as fraudseckers. If we should go a step further and the transfer of primary elections which first the matter of primary elections which first made the "boss" system possible and enabled on account of their qualifications for the serit to retain its infamous grip for so long, is now under wide discussion in the east.

Speculation as to the motive of Mr. Blaine in disposing of his new house in Washington city, which had just been completed upon an present system, without any loss of zeal for elaborate plan and at great cost, is rife among the public welfare. The offices Len would be the newspapers of the country. The house has at least respectable. Their agency in the adistration of society would have the merit and is among the finest in the city. The politof being distinctly understood. The offices ical quid nanes are sure that the sale of the would then stand as candidates for their in- house means that Mr. Blaine intends to be a ambents isstead of there being so many can candidate for the presidency next year, perceiving, as many of his friends have done, that if Below the \$500 cierkship gragic, which is

Washington, it would very much diminish his Below the \$900 dicressing grade, which is within the practical workings of the civil service law, the pressure for place in Nashington is rid of his house he will half from rural Maine,

in trying to get the presidency. Sometimes they have failed of sufficient public support to cause they were too confident and at other times because of their timidity. They now seem to be in danger of over-confidence. Some of could easily spare two or three stancins of the American "John Brown," which would apply 1881, are expressing their desire for a southern paper, and these, with he whole southern candidate for president. The Mobile Register save: "If a southern man cannot be placed prejudice against and lack of confidence in the south, instilled into the northern mind by the The major of Ohicago has received not to republican party, has not yet sufficiently disappeared. The Nashville American declares year's of school houses. PORTLAGE, Oct. 5, 638
TO THE ROITOR OF THE CORROGIAN
THE CORRESPONDED TO "Christian Evolution" to the
duity of the 3d instinct showed the same anis ander
standing of the subject that was so swident in most
of the welticiams that appeared soon after Mr Beschac's octures.

Now, no one can find justly with a subject unless

regressions number of minds, recigious as he real, hals be reasonable up younged bloom of God that is satisfying to prove the of God that is satisfying to prove the order of the control of the control

es of hoth. Believing that "the letter kitleth, but the spurit bleibring that "these who hold this fail reject have a large and the probability of the verbal impiration of a hele; but they find in the book so rich a store the id and feeted truth for delivy guidance, sed at the

which evolution?

Is there at singular in believing e obtains
the probable method of creation, under
the probable method of creation intelling paymenter's of
the paymenter's of ; "
secretainty a more thinkable hypothe is than
ther, when rightly understood, in spin of the
sittes in the way of believing it, and they are

dow on any one try to think of any mode of Austanta un creation, and note the result. There's neither allel nor analogy to any such thing in intere-wasee constantly the evolution of the plant from spect, the above development of the period tallof, the slow development of the perfect and our the simple industrial ways and in a serial ears led to regard ways were and good hav-ter feather production of ultimate good, as the compale theory, as which to account for the second and the factors of life, of which ways in the british

r bers at the strong of evolution will pe com-to humble creature, yet "main in his thus flushly be "made perfect even as

in perfect."
Assuming the new life of elemnity begin, about one threless activities, boundless capacities and intic happiness so can one only only vague, a special property, but in which we may safely believe live, as I understand it. Mr. Hescher bohls seems his inth as thus, and for this is freduced by many larger, may get among the other boards are specially as the control of section for section of a views, notably if regred to the steet of ferensits, where the gar days seem obscrib, the steet of ferensits, where the gar days seem obscrib, and the steet of ferensits, where the gar days seem obscrib, and the steet of the state of the Lord's preger, which is as plaining a typical prayer for all himst. We Colled & Wilson & W. Golled & Golled

SWIFT'S SPECIFIC

Is not a triumph of a fence, but he a revelation drough the matinet of the unintered savage, and is a complete unifidate to all kinds of Blood Poison and Sidu Humor

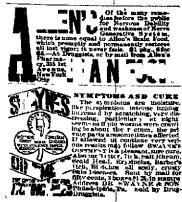

Poison and Skin Rinner

Suitt's "specific has cured me of "craftila,
which is here diluze in my famil). I have suffered with it for many years, and have tried a
grow many physicians and all sorts of treatment but to no purpose and when I began to
take Swift a specific I was in a hoserlite condition but, thanks to this great remedy. I am
ril of the disease. There is no doubt thet i is
the growtest medicine in exhibition, and I hope
any who doubt will write to me

h. C. H. A. L.S. Jr. Clarkesville, Ga.

After suffering twents five scars with a pain ful Dry Tetter and trying make physicians I was at last relieved by the use of Swift a Spe-cific, and I cheerfully commend in to all simi-larly offlined liqued REG I R BRANKAM Macon, Ga., E1,000 EFWARD
